

Hi Sue,

Please see a short summary of activities at the Burstall Village Hall.

We continue to see ongoing use of the hall by the following:

WI

Village Lunches

Carpet Bowls Club

Pop Chorus

Green-fingers Garden Club

Aimee's refill

The local Church and the village hall committee also uses the hall from time to time.

In addition to the above we have ad hoc bookings for family and social activities, and I'm pleased to say that these are making a slow but steady increase.

The hall committee are working hard towards the 2023 Burstall Show that will take place on August 5th.

Finally, a Structural survey was recently carried out on the hall building to assess its condition. Out of this report the hall maintenance team and the trustees will look to priorities improvements and get funding to help towards this essential work.

Thanks

Steve F
